# Purchase Amigo Medical!

## What is the Amigo Short Term Medical Plan?

The Amigo Short Term Medical Plan provides affordable temporary health insurance to protect you and your family. If you are in transition and without health insurance you need a friend that you can rely on to pay the costs associated with an accident or injury.

With Amigo Medical you're in control. You get to choose your deductible, coinsurance, maximum coverage amount, and the exact length of coverage you require. You also have the freedom to receive treatment from doctors and hospitals of your choice without incurring out-of-network penalties. Amigo Medical allows you to pursue your dreams without the worry of facing potentially high out-of-pocket expenses that can occur from unexpected medical conditions.

### Amigo Medical is ideal for:

- Individuals transitioning between jobs
- College students or recent graduates
- Individuals looking for an affordable substitute for COBRA
- New employees waiting for their coverage to begin
- Individuals not yet eligible for Medicare coverage

### How Amigo Medical Coverage Works

Plan benefits are subject to the deductible and coinsurance with the exception of visits to an urgent care center. The deductible is waived when you receive care at an urgent care center, and instead you pay a \$50 copay, after which coinsurance applies. An urgent care center means a facility separate from a hospital emergency department where patients can be immediately treated for injury or sickness on a walk-in basis without an appointment.

Choice of Plan Options	
<b>Length of Coverage</b>	Up to 6 or 12 months Purchase in full or make monthly payments
<b>Deductible</b> Amount you pay toward covered expenses before the plan pays benefits	\$250, \$500, \$1,000, \$2,500, \$5,000, or \$7,500 A maximum of 3 deductibles is required per family
<b>Coinsurance</b> Percentage of eligible expenses the plan pays after the deductible	80% or 50% of the next \$5,000 of eligible expenses
<b>Coverage Period Maximum</b> The maximum amount the plan pays	\$1 million or \$2 million

### Amigo Medical covers the following expenses:

After you satisfy your deductible, Amigo Medical will begin paying eligible expenses according to the coinsurance you select and up to the coverage period maximum that you choose. Benefits are based on Usual and Customary charges of the geographical area in which charges are incurred.

- Inpatient and outpatient charges made by a hospital, including inpatient prescription drugs
- Charges incurred at an urgent care center after a \$50 copay
- Charges made by a physician, surgeon, radiologist, anesthesiologist, and any other medical specialist to whom the physician has referred the case
- Charges made for dressings, sutures, casts or other supplies prescribed by the attending physician or specialist, but excluding nebulizers, oxygen tanks, diabetic supplies and all devices for repeat use at home
- Charges for diagnostic testing using radiology, ultrasonographic or laboratory services
- Charges for oxygen and other gases and anesthetics and their administration
- Charges made by a licensed extended care facility upon direct transfer from an acute care hospital
- Emergency local ambulance transport in connection with injury or sickness resulting in inpatient hospitalization
- Expenses related to complications of pregnancy
- Charges for physical therapy that is prescribed in advance by a physician in relation to a covered injury or sickness

Limits apply to all benefits. Please see the certificate for a complete listing of benefits, limits, and exclusions.

### Pre-existing Conditions

Amigo Medical excludes coverage for pre-existing conditions. Pre-existing refers to conditions for which you received medical treatment, diagnosis, care, or advice within a specific number of months immediately preceding your effective date. The pre-ex period will vary depending on the state in which Amigo Medical is purchased. This exclusion does not apply to a newborn or newly adopted child who is added to coverage.

### Waiting Period

When coverage is purchased within 3 days of the effective date, you will only be entitled to receive benefits for sicknesses that begin, by occurrence of symptoms and/or receipt of treatment, at least 72 hours following the effective date. This waiting period does not affect benefits for injuries.

This is a partial list of exclusions and limitations. Please see the Certificate of Insurance for detailed information about these and other plan exclusions and limitations. Benefits, provisions, limitations and exclusions may vary by state.
